## **STEVENS RESOURCE GROUP ACHIEVES ISO 9001:2000 CERTIFICATION**

January 22, 2007

Woodstock, ON – Stevens Resource Group, a leading provider of human resource solutions in temporary & contract staffing, professional search, consulting, and employee assessments, today announced that it has achieved ISO 9001:2000 certification under the Quality Management System Certification Program. Stevens Resource Group has earned this certification in all 10 offices located throughout Southwestern Ontario.

The scope of this Quality Management System includes the provision of all staffing services performed on and off site for the automotive and commercial industries.

This certification supports Stevens' commitment to quality and the increasing need to serve a growing and demanding customer base. As Stevens continues to expand in markets locally and nationally, the ISO quality framework will ensure the highest level of service that is consistent from office to office.

### **About Stevens Resource Group**

Stevens Resource Group is the boutique of the staffing industry, founded in 1990 by Sherri Stevens, owner and operator. An award winning human resource solutions partner, Stevens provides a comprehensive suite of services including temporary and contract staffing, professional search, consulting, and employee assessments. With a network of 10 offices located strategically throughout Southwestern Ontario, Stevens has the resources and expertise to provide quality Human Resource solutions in the areas of industrial, administrative, skilled, and professional.
